Statement SLM Solutions Group AG

Date

23 January 2018

Preamble

At SLM Solutions Group AG, it has always been part of the corporate culture to behave ethically in daily business life and to comply with existing laws. For example, rules of conduct are laid down in company agreements, work instructions and the Group's international code of conduct. While compliance with the German Corporate Governance Code is already an integral part of corporate policy and practice, the company also feels committed to a high degree of transparency towards its stakeholders - in every aspect of the value chain. SLM Solutions Group AG is therefore committed to the UK Modern Slavery Act 2015 by publishing a statement pursuant to Section 54 of this Act to outline the steps taken to prevent slavery and trafficking in its own operations and supply chains.
